PAVETESTING® LTD , United Kingdom appoints new Sales Director Mr Gareth Saynor

Letchworth , UK – September 2014

PaveTesting Ltd , announced that it has appointed a new Sales Director , Mr Gareth Saynor , a seasoned sales professional with over 20 years of experience in the materials testing environment and a wealth of International Sales Experience.

This appointment will help to better serve the needs of PaveTesting Ltd and its customers. Mr Saynor's goals are to increase PaveTesting's global reach and strengthen PaveTesting's customer care and aftersales support

The appointment fits into the PaveTesting's strategy to be the Number 1 Company for Pavement Testing equipment worldwide by giving customers increased access to professional people who understand the industry and give front line technical support at the early stages of quotation / tender.

“Our appointment of Gareth Saynor complements our existing sales team and his experience and knowledge will be of great benefit to the business and more importantly our customers” , said Barry Goff , Managing Director PaveTesting Ltd .

About PaveTesting Ltd

Based in Letchworth, UK, PaveTesting Limited has been at the forefront of developing new technologies for over 12 years. We design and manufacture pavement testing equipment to meet the requirements of regulators and commercial customer on a global scale.

PaveTesting Ltd, supply government agencies, major civil engineering contractors and airport operators world wide and their range of friction, deflection and profile measuring machines are today considered to be the best in the industry.
